- 1 Laugavegur.** Laugavegur Street and surroundings is the best pick for shopping in Reykjavik and it is literally just around the corner. Here you can find both eminent Icelandic design and international brands.
- 2 Harpa.** A magnificent architectural landmark that has revolutionized the conditions for live music and conferences in Iceland. Take a guided tour or see a concert. At night the building takes on a personality of its own as the glass façade vividly changes colors.
- 3 Hallgrímskirkja.** The largest church in Iceland with great panoramic view of downtown Reykjavik. In front of the church is a statue of the legendary explorer Leif Erikson, who discovered North America in the year 1.000.
- 4 Museums & galleries of Reykjavík.** Within close proximity you can enjoy a great range of historical exhibitions, art museums and galleries with Iceland's vibrant contemporary scene and classical artwork.

Positively yours,
